

U.S. HOUSE SPEAKER NANCY PELOSI

Dear Democratic Voter:

I am writing to urge you to vote for my friend and House colleague, Donald Norcross, in the upcoming June 7th Primary Election.

Since his election to Congress, Donald has been fighting on the front lines to save our Democracy from a ruthless assault by MAGA Republicans. He's always been a strong defender of our sacred rights that have recently been jeopardized – including our right to vote and women's reproductive rights.

Donald has also worked hard to lower the cost of prescription drugs and protect Medicare and Social Security for seniors - programs that have also been a target for cuts by some Senate Republicans.

Finally, while many Republican leaders have chosen to deny the threat of climate change, Donald is working to pass critical sustainability programs that are so important for our planet and for our children's future.

Please cast your vote to re-elect Donald Norcross on June 7th. We need his leadership and hard work in Congress now more than ever.

Sincerely,
Nancy Pelosi

Paid for by Donald Norcross for Congress
